

We NEED YOU!

If you are a developer/designer/project manager looking to make a difference and use your skills to assist others, this is the place to be October 21 - 23, 2011!

What is GiveCamp:

GiveCamp is a weekend-long event where IT professionals and designers donate their time to create custom software for non-profit organizations. This custom software could be a new website, a small data-collection application, or anything else the charity needs that can be completed in a weekend.

Volunteers NEEDED!

- Designers
- Developers
- Business Analysts
- Event Staff

All Experience levels
Welcome

If you are interested in helping out, at the event or before the event, please let us know at:
